

FST-9376**"Pulkovsky Meridian BATM"/ Project 1288 - Factory Pelagic Freezer Trawler**

Fecha construcción : 1994/12
Astillero : Chernomorskyi Sudnobudivnyi Zavod - Mykolayiv Yard/hull No.: 606
Pais : Ukraine
Conversiones : REBUILT in 2009:
NEW 4 vertical plate freezers DSI, Denmark, of 38 ts/day
NEW fish receiving tanks with a volume of about 150 m3 with stainless steel lining/coating.
NEW Autonomous RSW system of cooling sea water for the fish storage in receiving banks
RSW GRASSO, Germany.
NEW line of automatic sorting: 2 sorting machines HS-IHR with the possibility of sorting into
4 fractions and the distribution of flowsup to 6 options of directions
NEW universal automatic ffish cleaning machine of VMK Sweden, composed of VMK 52 +
31 + 20 + 751 with the vacuum removal.
NEW fish cleaning machine IRA 108 stainless steel
4 NEW scales for fish, of stainless steel EKO PROD, Poland
2 Filling system of intermediate storage hoppers and VMK bunkers and freezers of RSW
GRASSO, Germany
Additional packaging line with a semi automatic binder ROSOMA, Germany
Fishmeal plant A1. IZJR major repairs with replacement of some units with new ones carried
out.
NEW line of production of fish oil from the waste
NEW line for processing of large ordinary fish
NEW ventilation system in fish shop. Synthetic running lattice installed in the entire deck in
fish shop. Ceiling of fish shop fully ceillid by corrosion resistant sheets.
Piping of process water made of plastic
The whole complex of technological equipment: augers, conveyors, bunkers, water
separators, tables, trays and other equipment, made of stainless steel and is mounted under
the project ROSOMA Germany.
2 NEW Main Engines MAK of 7000 KW of fuel supply and with fuel booster unit
Re-equipment of gear 2 VALMET AS 155S Modernized with the purchase of new elastic
coupling, big wheel, shaft gears, lubrication system.
2 Single stage vacuum water distillers of ALFA LAVAL type JWP- 26 - C 100 (82/82).
Capacity 25 m3 each
and 2 heating units of ALFA LAVAL Type HWL 20-35
Self cleaning separation system, PA 605 for cleaning diesel oil. 2 Systems and self -
cleaning separation system PA 615 for cleaning heavy fuel oil IFO 180
Bilge water separation system, including bilge water separator model RWO SKIT S DEB 2,5
and warming device set OMD+2005
Auxiliary boiler installation S-MAN type ING/V 4000

Water heaters for the main engines manufacturer CATERPILLAR Motoren GmbH&KG

Bandera : Russia
Clasificación : Russian Maritime Register of Shipping
Cuota : KM(*)L2[1]UT2 Fishing
Situación de clase : Class valid until 01.2020
Acomodación : 93 Men
Capacidad Bodegas : 2140 CBM
Detalles bodegas : Temperature in reefer holds (- 28°C)

Dimensiones:

Eslora total : 104.5 M
Eslora entre p.p. : 96.4 M
Manga : 16 M
Calado : 6.6 M
Puntal a cubierta princ. : 10.2 M

Capacidades:

Cap. G.O. : 96 ts
Cap. F.O. : 1035 ts
Cap. Aceite : 58 ts
Cap. Agua Dulce : 90 ts

Toneladas:

GT : 4407
NT : 1322
DWT : 1810

Sistema Propulsor:

Motor Principal : 2 x MAK
Tipo : 6M32C
BHP : 8160
RPM : 600
Detalles Motor Principal: 2 x Oil Engines MAK of 4079 BHP (3,000 kW) each one (New 2007) - 6,000 kW total
Velocidad : 16 Kts
Velocidad/Consumo : Total consumption: 23 ts/day . Fueloil type IFO 180 / 365
Reductores : 2 x Gear VALMET AS 155S (renewed)
Propulsor : CPP at 145 RPM

Motores Aux./Generadores:

2 x Caterpillar 3412 DITA (new)
1 x Caterpillar 9DITA JWAC Emergency (new)

Parque de Pesca:

NEW fish receiving tanks with a volume of about 150 CBM with stainless steel lining/coating.
NEW autonomous RSW system of cooling sea water for fish storage in receiving banks RSW GRASSO
NEW line of automatic sorting: 2 sorting machines HS-IHR with the possibility of sorting into 4 fractions and the distribution of flowsup to 6 options of directions
NEW universal automatic fish cleaning machine VMK 52 + 31 + 20 + 751 with vacuum removal
NEW fish cleaning machine IRA 108 stainless steel

4 NEW scales for fish, of stainless steel EKO PROD, Poland
2 Filling system of intermediate storage hoppers and VMK bunkers and freezers RSW GRASSO
Additional packaging line with a semi automatic binder ROSOMA, Germany
Fishmeal plant A1. IZJR
NEW line of production of fish oil from the waste
NEW processing line of large ordinary fish
NEW ventilation in fish shop. Synthetic running lattice installed in the entire deck in fish shop
New lighting in fish shops

Instalación Frigorífica:

Capacidad Congelación: 110 ts/day

Detalles de Congelación: 4 x Vertical plate freezers DSI, Denmark, of 38 MT/day

2 x Quick freezers LBH of 31,5 ts/d

Major repairs carried out with complete replacement of the leading edge: all made of stainless steel EKO PROD, Poland.

Replace and reinstalled of new heat exchangers, pumps, equipment, and piping for refrigeration part.

Sistema de Congelación: 2 x Compressors GRASSO S3- 2500

Maquinaria de Cubierta:

2 x Main trawl winches,

2 x Gilsons,

2 x Net rollers,

2 x Cranes+derricks

Auto Trawl MARELEK, Iceland (New 2009)

New System of vacuum fish transfer IRAS-PV 900, Denmark.(New 2009)

Aparatos Electrónicos:

2 x MF/HF DSC Radio instalation SAILOR HT 4500 (New 2000)

1 x VHF Radio installation FURUNO FS 5070

2 x VHF Radio installation RT 4822

3 x Two.ways radiotelephone equipment SAILOR SP 3110

2 x Radar transponder IESM

1 x Satellite radio buoy EPIRB COSPAS SARSAT KANNAD 406 WH

1 x INMARSAT ship station FLEET 77

1 x Receiver NAVTEX FURUNO NX 500

1 x AIS system FURUNO FA 500

1 x COMMAND broadcasting equipment RYBINA

1 x Gyrocompass KURS 4M

1 x Radar station FURUNO FR 2125

1 x Radar station FURUNO FR 2127

1 x Navigation station NAVI MASTER

1 x Navigation Station MAX SEA

1 x Satellite navigation receiver GPS FURUNO GP 32

1 x Satellite navigation receiver GPS KODEN KGP 98

1 x Navigation echo sounder NEL M3B

Video surveyance system discovery

1 x Echosounder SIMRAD ES60

1 x Echosounder SARGAN EM

1 x Echosounder FURUNO FSV 382
